

Appl. No. 10/671,083  
Reply to Office Action of June 4, 2004

REMARKS/ARGUMENTS

Claims 1-22 are rejected under the judicially created doctrine of obviousness-type double patenting over USP 6,652,926, the parent application hereof. As suggested in the Office Action, a Terminal Disclaimer is being filed with respect to said U.S. patent.

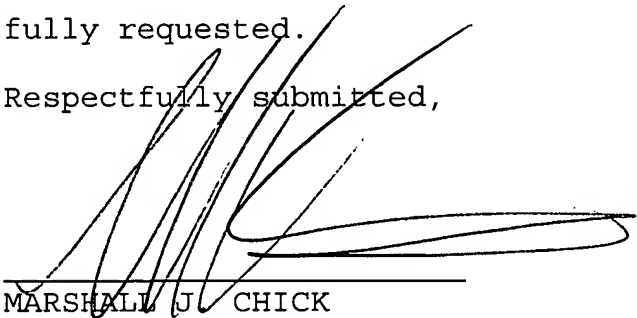

The amendment hereinabove is to reflect the issuance of the parent application hereof in the first line of the specification.

There are no other issues of record.

In view of the above, entry of this AMENDMENT and allowance of the application are respectfully requested.
